**LITTLE MIAMI**  
CONSERVANCY

**deSha's**  
AMERICAN TAVERN

Little Miami Conservancy (LMC) has been working to restore and protect the Little Miami State and National Scenic River for over 55 years. Our mission is to provide the leadership and resources necessary to protect & restore the outstanding natural values of the Little Miami as a National Wild and Scenic River, and State Scenic River. Since our founding in 1967 LMC has acquired and restored 110 riverfront nature preserves, protecting over 2,200 acres of habitat along the Little Miami that is utilized by 74 species of fish, more than two dozen species of freshwater mussels, and 255 species of birds including bald eagles. Thanks to the generosity of our supporters, LMC and our partners have preserved 56% of the banks of the Little Miami. We conduct scientific research to monitor the health of the Little Miami and provide free educational programs to thousands of youths and adults each year. To learn more about LMC and to view our live Bald Eagle camera visit us at [www.littlemiami.org](http://www.littlemiami.org).
